

WR8301

2+1 Pocket Banknote Sorter

Full Fitness, Efficient Sorting

FEATURES:

- With 2 CIS, UV, IR, MG,MT,19-channel thickness sensor, serial number recognition for counterfeit detection
- Powerful core processing to handle large amounts of banknotes. Capable of handling over 50 different currencies
- The extra-large banknote hopper makes batch sorting more convenient
- Support multi-language menu interface function and PC software to realize big data management of serial numbers
- Teller login function, user operation records are associated with user information to achieve user management

5" HD Full-color touch screen

Sound insulation and dust prevention system

Unique soundproof and dust-proof cover design prevents banknotes from flying around. It helps reduce noise and dust from the machine, and protects the health of operators.

Easy maintenance: Three-stage modular fully open banknote transport path

Quickly remove jammed banknotes and foreign objects.

Full Fitness Sorting Modes: Sorting banknotes in ATM and circulation(CIRC), with the ability to detect tapes, holes, tears, stains, soiled notes, etc.

3

DUAL CIS VERTICAL BILL COUNTER SERIES

TechVest WRM995
With Built-in Printer.

TechVest WRM996
Without Built-in Printer

TechVest WRM988

FEATURES:

- 3.5-inch TFT Color Display
- 2 CIS, MG, UV, IR, MT, Serial Number Recognition for counterfeit detection
- Automatic Currency Identification & Multi-currency Processing
- Easy software upgrade via USB
- It has a reliable feeding system that prevents jammed or flying bills, ensuring a smooth counting process
- User-friendly design: The machine takes up less space and provides an ergonomic user experience

WRM997 Full Touch Screen Vertical Bill

FEATURES:

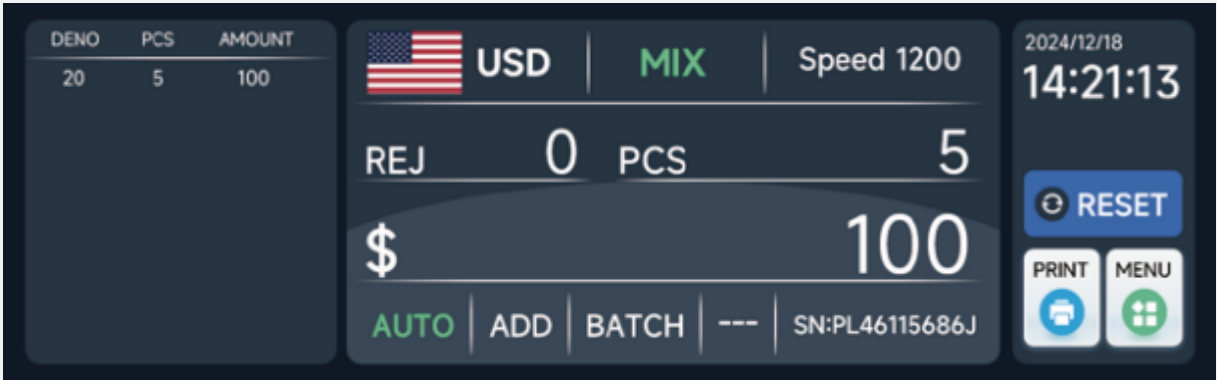

- With 2CIS,IR,MG,MT, and serial number recognition for counterfeit detection
- Multi-national currencies acceptable
- Built-in Printer Optional
- This machine is perfect for small businesses: gas stations, retail stores, restaurants, bars,etc.

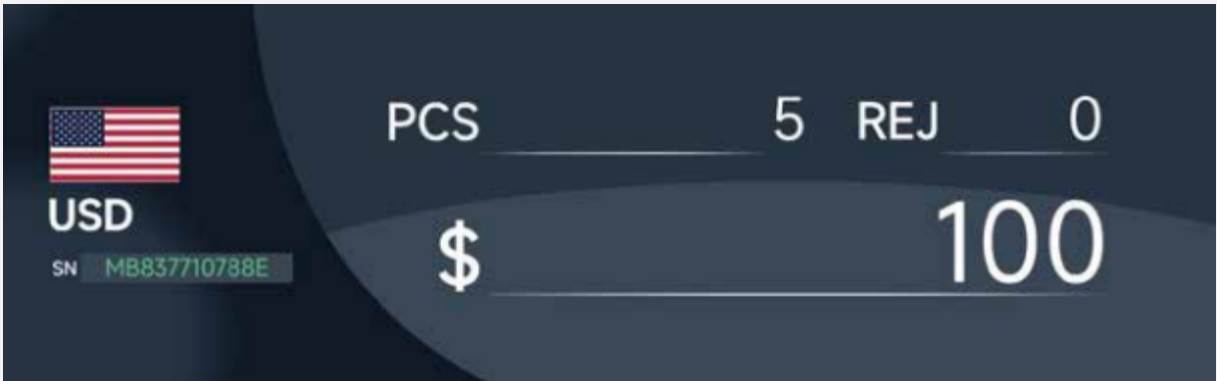

SPECIFICATIONS :

Counting Speed:	800 / 1000 / 1200 notes/min
Hopper Capacity:	Maximum 500 notes
Stacker Capacity:	200 notes

➤ Featuring an intuitive 6.9" HD Full-color Touch Screen Interface that delivers exceptional operational efficiency across diverse financial applications

➤ The automatic pop-up window instantly enlarges the interface, allowing users to intuitively confirm the counting process and optimize the user experience

WRM980 IRA Vertical Bill Counter

FEATURES:

- 3.5-inch TFT Color Display
- With Infrared Array Reflection Sensor, MG, UV, MT, DD, DB, IR IMAGE for counterfeit detection
- Support multi-currency mix-counting
- The machine has a power-on self-check function, automatic start and stop, automatic alarm, automatic reset for optimal performance

SPECIFICATIONS :

Counting Speed:	800 / 1000 / 1200 notes/min
Hopper Capacity:	Maximum 500 notes
Stacker Capacity:	200 notes
Support Currencies:	6-8

TechVest BLBC Back Loading Bill Counter

FEATURES:

- 3.5-inch TFT Color Display
- With Infrared Array Reflection Sensor, MG, UV, MT, DD, DB, IR IMAGE for counterfeit detection
- Support multi-currency mix-counting
- The machine has a power-on self-check function, automatic start and stop, automatic alarm, automatic reset for optimal performance

SPECIFICATIONS :

Counting Speed:	800 / 1000 / 1200 notes/min
Hopper Capacity:	Maximum 500 notes
Stacker Capacity:	200 notes
Support Currencies:	6-8

WRM999 Vertical Banknote Counting Machine

FEATURES:

- 7-segment LED Display
- 3 Modes-UV+MG/SIZE/COUNT,for counterfeit detection
- With Batch / Add Function
- The total value can be counted by presetting the banknote denomination and the number of notes
- Power-on self-test,automatic start and stop,automatic alarm,automatic reset
- Applicable for most currencies worldwide

SPECIFICATIONS :

Counting Speed:	≤1200 notes/min
Hopper Capacity:	200 notes
Stacker Capacity:	200 notes
Display Digits:	Preset:999 Quantity:9999 Value:9999 Amount:9999999

TechVest WR-I6 Back Loading Banknote Counting Machine

FEATURES:

- 7-segment LED Display
- 3 Modes-UV+MG/SIZE/COUNT,for counterfeit detection
- With Batch / Add Function
- The total value can be counted by presetting the banknote denomination and the number of notes
- Power-on self-test,automatic start and stop,automatic alarm,automatic reset
- Applicable for most currencies worldwide

SPECIFICATIONS :

Counting Speed:	≤1200 notes/min
Hopper Capacity:	200 notes
Stacker Capacity:	200 notes
Display Digits:	Preset:999 Quantity:9999 Value:9999 Amount:9999999

TechVest LBC Longitudinal Bill Counter

FEATURES:

- With MG,UV,IR,MT for counterfeit detection
- Small in size,only one-third to one-quarter of the traditional money counter, it's very portable.
- Chain notes detection,double notes detection
- Built-in 8G EMMC storage processor
- 3 Modes-MIXED/SORT/COUNT, to meet different counting and sorting requirements
- Support rechargeable lithium battery (Optional)

SPECIFICATIONS :

Counting Speed : ≥ 260 notes/min	Banknote Size: 110*50-175*85 (mm)
Device Weight : 1.91 KGS	Hopper Capacity : ≤ 150 notes
Battery Voltage: 11.1V/2600mAh	Stacker Capacity : ≤ 150 notes
Available Ports: TF Card / USB (Type-C) / RS-232	Dimensions: Close Up:167*192*168 (mm) Open Up:335*192*198 (mm)
Optional Accessories: Carrying Bag / Car Power Charging Cable (Optional)	

WR-670 Bill Detector

FEATURES:

- 3.5-inch TFT Color Screen
- With total quantity & value counting
- MG,UV,IR, Size recognition for counterfeit detection
- Power-on Self-test,automatic start and stop, automatic alarm
- Software update via SD card
- Support rechargeable lithium battery

SPECIFICATIONS :

Speed: ≤ 1.5 s / piece	Device Dimensions: 155x135x82 (mm)
Note Thickness: 0.075-0.15 (mm)	Power Supply: AC100-240V 50/60Hz DC 9V/1.5A or DC 5V/2A
Device Weight: 0.870 KGS	Power Consumption: ≤ 12 W
Battery Voltage: 7.4V/2000mAh	Available Ports: SD Card / USB (Type-C)

TechVest Bank-Grade Dual CIS Banknote Counter

FEATURES:

- 3.5" TFT Touch Screen
- With 2 CIS, MG, UV, IR, MT, serial number recognition for counterfeit detection
- Precision banknote feeding system, advanced image processing technology for denomination recognition and unsurpassed counterfeit detection
- Bank-Grade Banknote Counters are specifically designed for high-volume cash handling environments, including financial institutions such as banks and credit unions, as well as large retailers and casinos

SPECIFICATIONS :

Counting Speed:	≥900 notes/min
Hopper Capacity:	Maximum 200 notes
Stacker Capacity:	200 notes
Banknote Size:	110x50 mm ~ 175x85 mm

TechVest Full Automatic Bill Binder

FEATURES:

- Automatic fast binding, transient heating, no need to preheat when start
- Microcomputer control, easy to handle and operate
- Tape banding position can be adjustable

GB206
(2CM / Binding Machine)

GB306
(3CM / Binding Machine)

SPECIFICATIONS :

Binding Speed :	≤1.5s / bundle
Use Tape:	30mm width tape
Tape Center Binding Adjustment Range :	10-83mm
