

Mobile STATIONED Branch Solution

Taking banking service anywhere

The Mobile STATIONED Branch solution offers customers an enhanced experience and increased satisfaction through a complete range of services, available even in the most remote places.

Expand your reach quickly with our specialized steel container offices, offering a premium environment for customer service and banking services. Featuring high security and modern designs, we deliver the branch experience directly to your customers

Additionally, it assists banks:

- Have a Low-cost alternative VS Traditional Branch
- Exercise Targeted Market Branch Survey, Marketing activities and Weekend Sales Promotions with Big Promotional Screen.
- Serve low activity areas (Rural Areas)
- Exercise Inclusion Banking (banking to the unbanked).
- Use as a Disaster Recovery option
- Use during Branch Remodeling or new Branch openings

Expand your reach quickly with our specialized steel container offices, offering a premium environment for customer service and banking services. Featuring high security and modern designs, we deliver the branch experience directly to your customers.

Some markets do not cost justify the +\$1,000,000 expense for a traditional brick and mortar branch. Mobile banking can provide a cost effective method to service smaller or targeted markets.

The **TechVest Systems Mobile STATIONED Branch Solution** is equivalent to the services and comfortabilities of a traditional bank branch and can equally and efficiently service YOUR customers and enhance their experience.

Guided by Your Business Requirements

Configuring According to Your Needs

Configurations of a STATIONED Mobile Branch are prepared according to **you** and your **customer needs**.

From a Small two **ATM Multifunction** Branch to a **Full Services Branch** with **Customer Service Offices** and **Tellers** to service your customers, Mobile branches provide an excellent solution in terms of offering banking to unbanked population, otherwise inaccessible areas or even to be used in cases of disaster recovery, major events and market scouting.

The STATIONED Branch Solution can be configured to include the following:

- 2 ATMs + 1 Teller + 2 CSO + Waiting Area
- 1 ATM + 1 Teller + 3 CSO + Waiting Area
- 2 ATM + 2 Teller + 1 CSO + Waiting Area

The STATIONED Branch Solution is comprised of the below items:

- Electricity Generator
- Control Room (Electric Control Panel, Network Rack, CCTV Control, Stabilizer, UPS and Outsource electricity cable)
- ATM Room
- Tellers Room CSO
- Waiting area with Air Conditioning
- Outside and Inside lighting
- Outside bank logo and Branding
- Outside and Inside Surveillance cameras
- Outside entrance ramp for the customer waiting area/ Access for All.

Customer Service made Comfortable

From **folding exterior anti-slide platforms** for customers accessing exterior services, to **luxury waiting lounges** in the interior, a mobile branch can offer services of a full traditional branch and even more. Otherwise inaccessible market areas can now become accessible, always keeping in mind the comfort ability and satisfaction of the customer.

Brand Promotion

The exterior of a STATIONED Mobile branch is a canvas for your advertising Strategies and Promotions. Utilizing this can provide the same effect of large billboard road advertisements, and save a significant amount of cost. Let your customers know who you are and deliver your message effectively and efficiently.
