CLEANING KIT  
PN: IS0036**

### Cleaning Swabs (Bag of 6)

These swabs have a compact swab head for detailed cleaning of the check scanner. The cleaning solution on the swab will aid in removing some of the most stubborn dirt particles. The 6" handle gives you ample reach to clean the mechanism. This product, when used in conjunction with the cleaning cards on a regular maintenance schedule, will help keep your check scanner functioning as designed.

For all CheXpress, TellerScan, and SmartSource scanners.

The Smart Jogger jogs checks quickly and efficiently. The compact design makes it an ideal companion for image capture devices on desks or table tops in teller environments.

The units are also warranted to be free of defects in material and workmanship for 1 year from date of shipment.

SmartJogger features include:

Jogging tray holds up to 150 checks

Compact size

On/off power switch

On switch for jogging - jogger timer is 10 seconds

Automatic jogger timer - turns off if checks are removed prior to 10 seconds
